

2021 POLLINATION GUELPH COMMUNITY GRANT PROGRAM

Concerned about pollinators and their habitat in Guelph and Wellington County?

Are you a community garden, school, faith community, health care facility, environmental group, academic/researcher, educator, neighbourhood group or other valued non-profit community member?

Want to make a difference for pollinators, the environment and the community?

At a time of accelerating climate change, pollinators and their habitat need our help more than ever! Pollination Guelph (PG) is a local, charitable organization dedicated to the conservation of pollinators and their habitat. PG will fund local initiatives that support our Goals and Objectives (PollinationGuelph.ca/about_us). The 2021 Program will provide grants of up to \$1000.

The three areas of focus are:

- Planting, enhancing and/or maintaining pollinator habitat. E.g. gardens, naturalization projects
- Educating others about pollinators and pollinator habitat through a special event, activity or signage. E.g. during “Pollinator Week”, June 21 – 27, 2021
- Conducting research at PG habitat sites (PollinationGuelph.ca/gardens). E.g. surveying/monitoring pollinator and plant species, and insect and plant interactions.

To be eligible to apply, interested non-profit organizations and individuals must:

- Be located within, or conduct the work within, Guelph or the surrounding Wellington County
- Complete the Application Form available on our website (www.pollinationguelph.ca/community-grant-program)
- If funded, complete or substantially complete the project before the end of 2021
- Agree to share your project results with us through images and a brief write-up

Application Deadlines

- March 1, 2021 @ midnight
- Successful applicants will be notified by April 1, 2021

Download the Form

- Visit our website ([click here](#))
- Download the form
- Fill it in and email it back

Funding Amounts

- Up to \$1000 available to fund relevant 2021 pollinator projects
