

2023 Pollination Guelph Events: People & Pollinators

Two virtual speaker series March & April
One in-person workshop in July
Sponsorship Opportunities Available

Who we are

Pollination Guelph is a registered charity dedicated to raising awareness and understanding of the importance of pollinating insects. Declines in the number of pollinating insects are now recognized as a serious threat to agriculture and the natural environment.

The Symposium

Since the pandemic, we have been offering various virtual events (presentations). This year we have two planned, as well as an outdoor in-person workshop about bumblebee ID.

How your Sponsorship will help

To keep these events free, Pollination Guelph invites local businesses and individuals to sponsor the event.

Please demonstrate your support for our work by taking one of the sponsorship opportunities and associated benefits described on the accompanying chart.

Additional Option: Make a Donation

If you prefer to give your support through a tax receiptable donation rather than through a symposium sponsorship you can do so:

1. On-line donations are accepted via credit and selected debit cards at:
www.pollinationguelph.ca/donate
2. Cheques can be made payable to "Pollination Guelph" and mailed to:
Pollination Guelph, 18 Karen Ave, Guelph, ON N1G 2N9

Thank you for your support.
